

Master's Long Distance Running Report

USATF Colorado Association Meeting

July 8, 2015

Norm Kendrick

Master's LDR Chair

MASTERS LDR FUTURE 2015 CHAMPIONSHIPS.

- The LDR program requires assistance and guidance to understand what Chairs can and cannot do to engage race directors in pursuit of potential USATF race venues.

MASTERS LDR WAY AHEAD. Men's, Women's, and Master's LDR program still requires additional information regarding the overall process for negotiating and securing events as USATF Colorado Championships. Separate discussions with the President and Staff may be necessary. Vital information required, but is not limited to:

- Is there a formal contract that must be signed and if so, who signs on behalf of USATF?
- Are events simply named "Championships" or is an Association vote required?
- What can and cannot be negotiated?
- What expectations should the events race director have?
- What expectations should the Chair have?
- What financial obligations exist?
- How are USATF CO Championship medals obtained (in advance) to properly present them during the event's awards ceremony?

RECENT MASTERS LDR EVENTS.
