

YOUTH COMMITTEE REPORT

The Committee once again led the Association in providing competitive opportunities for young and old alike. Five meets were sanctioned, sponsored and conducted by the youth community. Participation numbers continue to rise across the board with the Association Junior Olympic Championship hosting approximately 900 athletes. The Championship held at Cherokee Trails was flawless in all regards and finished in record time. A special thanks goes out to the Colorado Flyers, Nite Moves, Landsharks and Pack Leader for stepping up and hosting competitions. Kudos to all the officials, clubs and volunteers that make this program the great success that it is and the leader in the Rocky Mountain Region.

Respectfully submitted,

Don Sinclair
