

# Master's Long Distance Running Report

USATF Colorado Association Meeting

September 13, 2015

Norm Kendrick

Master's LDR Chair

---

## MASTERS LDR FUTURE 2015 CHAMPIONSHIPS.

- The Chair will begin coordinating with Sarah Rebick (Flatiron Running) to work out details that Colorado Club XC Championships will serve as the USATF Colorado State XC Championships (21 Nov).
- The Chair will also be coordinating with prospective 10k venues to serve as the 2015 USATF Colorado Championships. After their short-notice support to the Association last year, Rock-n-Roll Denver is a possible venue, but there are also three other smaller events that would provide an additional week or two to work out details of them supporting USATF Championships.

## OTHER NOTES.

- Recommend we advertise via USATF Colorado Association Twitter and Facebook pages, that the Association is seeking a Men's LDR Chair. Happy to also advertise the Men's and Women's Track and Field positions as well. I only need to know who the point of contact should be.

## RECENT MASTERS LDR EVENTS.

- Many thanks to Kristen (Former Women's LDR) for all her work in making the USATF Mile Championships a success! It was a great turn-out, and although advertised on Association social media, unfortunately many runners weren't aware that the event was a USATF Championship until after the race.
