Club Affiliation Transfers

Any athlete (or parent) that would like to change their club affiliation should log in to their USATF CONNECT account and navigate to **Memberships > Actions > Transfers > Start Transfer** and then select the club they are requesting to be transferred to (see visual process on next page).

As of 2022, the USATF national office will then process the request (i.e., the USATF Colorado membership chair can not initiate transfers or approve them anymore).

If anyone asks you about transferring their membership please refer them to their Connect account to begin the process. A step-by-step guide is provided on page 2.

The screenshot displays the USATF CONNECT user interface. On the left is a navigation sidebar with a 'NAME' header and a list of menu items: Profile, Roles, Memberships, Background Screening, Center for SafeSport Training, Coach Certifications, Officials Certification Status, Athlete Verifications, Shipping Items, Credentialing Information, Event Volunteer Waivers, and My Membership Discounts. The 'Memberships' menu item is highlighted with a red box and a red number '1'. The main content area is titled 'Memberships' and includes an '+ ADD MEMBERSHIP' button. Below this is a table with one record. The table has columns for Membership, Status, Membership Number, Valid From, Exp Date, Membership Type, and Club Affiliation. The 'Actions' column is highlighted with a red box and a red number '2'. A dropdown menu is open from the 'Actions' column, showing options: Edit, Delete, Transfers, History, and Club Affiliation History. The 'Transfers' option is highlighted with a red box and a red number '3'. Below the membership table is a 'Transfers' section with a '+ START TRANSFER' button highlighted with a red box and a red number '4'. A table header for transfers is visible below the button, with columns: Created Date, From Club, To Club, Temporary Transfer, Transfer Until Date, Type, Association, Status, and Cancel.
