

AUGUSTINE AGYEI

Position: Youth Committee Chair

- a) I have been an athlete in high school and college and work with both youth and professional athletes. With a focus on development and injury prevention along with performance, I am working on improving performance daily by trade. I have been coaching for 12 years and have a unique perspective that I can bring to the organization.

- b) Performance Coach Director, NFL Combine Prep director at Landow Performance, Head Coach Blackstars Elite Track Club, Head Coach Smoky Hill High School Track and Field.

- c) My goal for serving in this position would be to grow it to its potential. I have a passion for coaching and helping youth athletes, and I believe that Track and Field is a gateway to many opportunities for the youth. I plan to lean on the Previous chair holders and Coaches who have been around this sport for a long time to help guide me through blindspots that I may have during the process to ensure we are moving the correct direction.
