Club Affiliation Transfers

Any athlete (or parent) that would like to change their club affiliation should log in to their USATF CONNECT account and navigate to **Memberships > Actions > Transfers > Start Transfer** and then select the club they are requesting to be transferred to (see visual process on next page).

As of 2022, the USATF national office will then process the request (i.e., the USATF Colorado membership chair can not initiate transfers or approve them anymore).

If anyone asks you about transferring their membership please refer them to their Connect account to begin the process. A step-by-step guide is provided on page 2.

Club Transfer (visual guide)

After logging into the USATF CONNECT account:

1. **Memberships**
2. **Actions**
3. **Transfers**
4. **Start Transfer**

The screenshot displays the USATF CONNECT user interface. On the left is a navigation sidebar with the name 'NAME' at the top. The sidebar menu includes: Profile, Roles, **Memberships** (highlighted with a red box and the number 1), Background Screening, Center for SafeSport Training, Coach Certifications, Officials Certification Status, Athlete Verifications, Shipping Items, Credentialing Information, Event Volunteer Waivers, and My Membership Discounts.

The main content area is titled 'Memberships' and features a '+ ADD MEMBERSHIP' button in the top right. Below the title, it indicates '1 Record'. A table lists the membership details:

Membership	Status	Membership Number	Valid From	Exp Date	Membership Type	Club Affiliation	Actions
Individual Membership	Current	1400112510	01/17/2023	12/31/2023	USATF Adult Membership	Bot (CC)	Actions (highlighted with a red box and the number 2) Edit Delete (3) Transfers (highlighted with a red box and the number 3) History Club Affiliation History

Below the membership table is a 'Transfers' section with a '+ START TRANSFER' button (highlighted with a red box and the number 4). The transfers table has the following columns: Created Date, From Club, To Club, Temporary Transfer, Transfer Until Date, Type, Association, Status, and Cancel.
